

Who can enter?

Anyone can enter as long as they have completed the REGISTER NOW online registration form.

NO, you certainly do not need to be a student or parent of the Robinvale College. This is a community event and we'd love everyone and anyone to enter. Remember though that it is a FUN run. Yes, those two words do indeed go together. This will not be a timed run and you don't even have to run. You can walk, skip, jump, hop, but no rolling please.

What do I wear?

Correct exercise clothing and footwear. Enclosed shoes must be worn on the event circuit at all times. No barefeet, no thongs, no sandals. Children should also be in the correct footwear. Please remember that you will get colorful and a little messy so don't feel like you have to wear your most gorgeous Lorna Jane top or your most \$350 Nike's. As long as you're covered, you're fine. Again, it's a fun run not a fashion parade so if you feel like dressing up as a team, work place or family feel free!

What about the kids?

Children are most welcome to join in the event and up to the age of 4 they're free, but make sure you've included them on your registration if you intend to bring them with you. Ridiculous we know but it's an insurance thing. If young children are to take part they must be in a pram, or on foot. NO bikes, NO scooters, NO skateboards, NO hoverboards, NO trikes, NO dogs, NO dolphins or anything else that can be ridden. The track is narrow so the only wheels allowed are prams however we ask you to be aware of and considerate of those around you. Which leads us to....

Pram Policy

Prams may take the track with small children inside of them, please don't put your dog in a pram. That's just weird. You bring your pram at your own risk of course and let us just remind you that you will get colour bombed and messy so you do know with that knowledge. Having said that though, the child inside said pram will also get colored and messy, and we take no responsibility for settling your child and or any therapy that might be needed in latter years from being covered in holi powder as a young child.

Prams must walk in single file and stick to the absolute LEFT side of the track AT ALL TIMES. Prams are not permitted to walk side by side. Sorry, but you shall hold up those behind you and that could upset those who wish to move swiftly on their feet. Everyone hates slow walkers and that's even more true when you're running!

Stick To The Allocated Path

It's not a race, there are no prizes for first, second or last place, so there's simply no reason to cheat. Do the right thing and just stick the allocated path.

There will be marshals along the way to show you where to turn and who to follow so if you find yourself getting lost, just look for someone in high vis. Granted, if you can get lost on our track you should probably see someone about that. It's our lovely river track!

Consideration

Please remember that there will be people in attendance who do not wished to be coloured. Between events and post event we will have allocated colour bombing moments which make for terrific photos. If you have purchased colour bombs you can gather in the allocated area, away from other people and property who do not wish to be covered in colour. Please respect those who don't wish to be

coloured by waiting for these color opportunities. They will happen at random so listen to the people with the microphones.
